The Gamer City Mega Mall

Gamer City,USA

Blackcrusader:(Eats A Bacon Burger From Zombie Burgers & Shake Lab)Found Any New Cities Futility?

Futility:Why Of Course I Have Crusader.(Drinks A Chocolate Milkshake And Uses His Computer To Look Up For Some Cities)Hm...Curious,According To The Article There Are New Cities Added To Most Places Along With Some"Other"Locations.

Blackcrusader:Name Some.

Futility:Ravenholm Is A Mining Town That No One Goes To Anymore Due To The Combine Sending In Some Headcrabs Into The Town And Turning Everyone Into Zombies.

Blackcrusader:Yikes.Anything Else?

Futility:Then There's Steel City And Pixie Swallow,I'd Steer Clear Of THOSE Two Places If I Were You.

Blackcrusader:Huh...I Wonder Why?

Spike:Well It's Because Steel City Is A Wasteland By Day But By Night It's Nocturnal Inhabitants Come Out To Kill You IF You Are Exposed To The Dark And Pixie Swallow Is Home To Anyone That Stays There But The Secret Is...In Their Food Is People,And By People I Mean US Humans.

Blackcrusader:No Shit...So The People There Are Cannibal Hillbillies,...Why Am I NOT Surprised.

Futility:And Remember The Place Misty,Bunk,And Tank Discovered?

Blackcrusader:Yeah What About It?

Futility:It Used To Be Named Raccoon City Since The T-Virus Outbreak,But After Many Years Later After Alice Released The Anti-T Virus...It's Now Home To Another Species That Is Just Like Leatherface.

Blackcrusader:Really?

Futility:Of Course,The Name Of This Species Are Known As A Leatherman Or Lethorus Malcohide.

Blackcrusader:Lethorus Malcohide?

Futility:Correct,They Are Leatherized Humans Or Leathermen Who Are Known For Many Things,Chaos,Mayhem,Anarchy,Madness,Insanity And Slavery Since They Follow A Masked Man Named Deathhead.

Blackcrusader:Deathhead?

Futility:Yes Of Course,Deathead Is A Leatherman Hybrid With A Mercer Virus Who Is Also The Leader Of The Leatherman.

Blackcrusader:No Shit.

Futility:I Know,His Own Members Have Many Names...For Example,The Man With The Cleaver Is Splatterhead,The One With The Hawk MM-1 Grenade Launcher Is Junk Punk,One Who Looks Crazy Is His Advisor Wild Mike,His Hunter Is Dead Mute Along With His Pyromaniac Flambro,The One With An Auto Axe Is Gridburn,The Guy With A Flamethrower Is Fleshfire,The Engineer Is Spyder Along With Jacob's Music Box,And The Guy With A Scar That Resembles Jonah Hex's Scar Is Jack Knife.

Blackcrusader:Jack Knife...How Bad IS He.

Spike:VERY Bad If You Ask Me,He Used To Be A Member Of The Plague Named Grinder.

Blackcrusader:Rip's Partner?

Spike:Correct,We Found Him Dead After The Downfall Of The Drake Back In Scumtown,He Took Some Damage By A Lawn Mower Blade.

Blackcrusader:Ouch...Anything Else?

Spike:And If I'm Aware,Deathhead Must've Brought Him Back To Life Into A Leatherman,In A Size Of A Locust Berserker,And Can Take Damage Unlike Any Other Enemy We Encounter Such As A Marksman,A Tank And A Juggernaut Considering Him BEING One.

Blackcrusader:Huh...Least He's The One Who's Dangerous...For A Leatherman.

Spike:Who Kills Anyone That Tries To Tread On The Leatherman And Anyone That Tries To Double Cross Him...Unlike The Contestants For Blood Drive.

Stitch:You Mean That Show Those Wankers Watch Back In Death City?

Spike:Yep.

Boko Stronghold:Well Shit.

Drake The Crackhead:You And Me Both Brother.

Leatherface:Well I'm Not Gonna Lie To You,But That Show Was SO Ultra Violent With A Side Of Goregasm It Gives Us Leathermen A 10/10 In Death City.
